

Accessibility Statement for CCPGA

This is an accessibility statement from Colorado Certified Seed Growers Association.

Measures to support accessibility

Colorado Certified Seed Growers Association takes the following measures to ensure accessibility of CCPGA:

- CCPGA does everything it can to accommodate all people.

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. CCPGA is partially conformant with WCAG 2.2 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

Technical specifications

Accessibility of CCPGA relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- WAI-ARIA
- CSS
- JavaScript

These technologies are relied upon for conformance with the accessibility standards used.

Assessment approach

Colorado Certified Seed Growers Association assessed the accessibility of CCPGA by the following approaches:

- Self-evaluation

Other evidence

Other related evidence for CCPGA is available at:

- CCPGA is regularly checked for accessibility with the Wix Accessibility Wizard.
